

Quassel IRC - Feature #550

Appearance ptions

02/12/2009 08:01 AM - SnoFox

Status:	New	Start date:	02/12/2009
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	General / Unspecified	Estimated time:	0.00 hour
Target version:	Some future release		
OS:	Any		
Description Quassel could/should have some options for mIRC-style colors, and mode-prefixes. Ex, Ops appear as <@SnoFox> instead of just <SnoFox>. Either that or the XChat style where they give each nickname a different color. :p And though it's probably already planned out, timestamps should be customizable, in both format, as well as the brackets that surround it. Examples: [15:30:23] (3:30) [3:30pm]			
Related issues:

History

#1 - 06/09/2009 01:29 PM - pennywise

- File datePatch.diff added

Though it's hardcoded, DataFreak asked for this patch. See added file.

#2 - 06/09/2009 01:37 PM - pennywise

- File datePatch2.diff added

2nd try.

#3 - 05/23/2010 12:19 AM - flamingspinach

By the way, all this has been implemented at present, except for modechars (afaik).

#4 - 02/05/2011 05:39 AM - kode54

- File modeprefix.patch added

This is hardcoded, too, but it works.

#5 - 03/01/2012 11:23 AM - Anonymous

- Target version set to Some future release
