

Quassel IRC - Bug #1061

#954 regression

03/11/2011 03:35 PM - s0undt3ch

Status:	Closed	Start date:	03/11/2011
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		OS:	Any
Version:	0.7-pre		

Description

I'm apparently having similar issues reported on [#954](#).

I'm on Kubuntu maverick:
Linux lgl 2.6.35-27-generic-pae #48-Ubuntu SMP Tue Feb 22 21:46:58 UTC 2011 i686 GNU/Linux

Quassel: 0.7.1 (dist-aa28596) Built Sep 21 2010 19:27:42

KDE: 4.5.1

How do I get the Qt version?

Any other info I can provide, let me know.

History

#1 - 03/16/2011 01:55 PM - s0undt3ch

This is apparently solved if I add to my xorg.conf

```
Option      "EXAOptimizeMigration"  "off"
```

So, this is unrelated to Quassel right?

#2 - 03/16/2011 11:14 PM - johu

- Status changed from New to Closed
- Priority changed from High to Normal
- Target version deleted (0.7.2)

It seems that is a radeon driver bug see <http://bugs.gentoo.org/340483>
