

## Quassel IRC - Bug #1076

### Not marked /back when reattaching to core

05/09/2011 12:40 AM - Desoxy

<b>Status:</b>	New	<b>Start date:</b>	05/09/2011
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assignee:</b>		<b>% Done:</b>	0%
<b>Category:</b>		<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>		<b>OS:</b>	Linux
<b>Version:</b>	0.7-pre		
<b>Description</b>			
<p>I have the "Away On Detach"-Option enabled in my client, and am successfully marked as "Away" once I detach. But when I reattach to the core again, I am not marked as online, but rather have to issue /back for each network by hand.</p> <p>For normal IRC networks it does not bother me as much but in combination with BitlBee I forget to type /back far too often..</p> <p><b>Client:</b> Version: v0.7.1 (dist-aa28596) Protocol version: 10 Built: Sep 21 2010 13:42:35 (Windows 7-64 bit)</p> <p><b>Core:</b> Version: 0.7.1-1+b1 (Debian testing repositories)</p>
