

## Quassel IRC - Bug #1114

### Can't send messages unless you click input bar /again/

10/25/2011 08:18 AM - mattwb65

<b>Status:</b>	Resolved	<b>Start date:</b>	10/25/2011
<b>Priority:</b>	Urgent	<b>Due date:</b>	
<b>Assignee:</b>		<b>% Done:</b>	0%
<b>Category:</b>	Quassel Client	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>		<b>OS:</b>	Mac OS X
<b>Version:</b>	0.7.2		
<b>Description</b>			
If you type into input bar, and try to click enter it doesn't send unless you click into the input bar again, and click enter.			

#### History

##### #1 - 03/18/2012 12:34 AM - Anonymous

- Subject changed from OS X: Can't send messages unless you click input bar /again/ to Can't send messages unless you click input bar /again/
- Status changed from New to Feedback
- OS changed from Any to Mac OS X

Please try a newer build (for instance: [http://koudelka.dyndns.org/quassel/QuasselClient\\_MacOSX\\_Universal\\_0.8-rc1.dmg](http://koudelka.dyndns.org/quassel/QuasselClient_MacOSX_Universal_0.8-rc1.dmg) ) and confirm or refute whether this is still the case. The input bar is known to have lost focus due to tab completion (see [#1043](#)), but this might be a different issue.

##### #2 - 02/20/2013 08:04 PM - Anonymous

- Status changed from Feedback to Resolved
