No matter what i change the nickname to, it was always displayed as dennis97519[0] in Quassel, which is my offline nick in ELiteBNC.
Now I changed my offline nick to dennisZZZZZ it is still displayed as dennis97519[0].
I have googled and found the same issues in older versions of quassel like 0.40 and 0.74, which means that the issues have not been resolved at all in the new version.
