

## Quassel IRC - Bug #138

### /WHOIS data is displayed wrong

04/07/2008 05:45 PM - jokey

<b>Status:</b>	Closed	<b>Start date:</b>	
<b>Priority:</b>	High	<b>Due date:</b>	
<b>Assignee:</b>	phon	<b>% Done:</b>	0%
<b>Category:</b>	Quassel Client	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>	0.2.0-alpha5	<b>OS:</b>	Any
<b>Version:</b>	0.13.1		
<b>Description</b>			
looks like this (being freenode irc):			
[17:43:20] * [Whois] jakub is logged in since Thu Mar 27 19:56:40 2008 seconds			
[17:43:20] * [Whois] jakub is idling for 718461			

### History

#### #1 - 04/07/2008 05:56 PM - Sputnik

Actually there are more quirks in the whois reply:

```
[17:53:48] * [Whois] Sput n=sputnick quassel/developer/sput * Sputnik -- http://quassel-irc.org ( <-- Hostmask displayed wrong)
[17:53:48] * [Whois] Sput kornbluth.freenode.net Frankfurt, DE, EU ( <-- Nicer formatting would be cool)
[17:53:48] * 320 Sput is identified to services ( <-- non-standard msg could be parsed as well)
[17:53:48] * [Whois] Sput is logged in since Thu Apr 3 14:39:09 2008 seconds ( <-- superfluous "seconds")
[17:53:48] * [Whois] Sput is idling for 116 ( <-- missing "seconds", maybe displaying that as d:hh:mm:ss would be nice as well)
```

Assigning this to phon, since /whois is his baby :)

#### #2 - 04/08/2008 04:46 PM - phon

prettified the core output
