

Quassel IRC - Bug #1420

Slow part from channel with many users

09/16/2016 12:26 PM - heftig

| | | | |
|--|--------|------------------------|------------|
| Status: | New | Start date: | 09/16/2016 |
| Priority: | Normal | Due date: | |
| Assignee: | | % Done: | 0% |
| Category: | | Estimated time: | 0.00 hour |
| Target version: | | OS: | Linux |
| Version: | 0.12.4 | | |
| Description | | | |
| <p>/parting a channel with many users freezes the UI for a while; with a 1600 user channel for about five seconds.</p> <p>The remote core (using postgresql) also outputs a message for each user in the channel:</p> <p>Warning: Channel "#channelname" received data for unknown User "username"</p> | | | |
