

Quassel IRC - Feature #1476

add join widget to the toolbar

02/08/2018 12:57 AM - gry

Target version:			
OS:	Any		

Description

In the toolbar perhaps a text box to join a new channel may be added

```
[connect to irc button] [disconnect from irc button] <-- a large gap --> [ #channel name input box ] @ [ irc networks dropdown ] [JOIN button]
```

When no channel is specified, join the currently open chat (if it is not joined already).

Currently the join button opens a dialog.

Implementing this would mean that we can join a channel in one click instead of two.
