

Quassel IRC - Bug #1656

SignalProxy::handleInitRequest() received initRequest for unregistered Object: "IrcUser"

01/09/2021 07:39 PM - jjakob

Status:	New	Start date:	01/09/2021
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		OS:	Linux
Version:	0.13.0		
Description			
Every time a client connects to the core, a lot (~50) of the following lines are printed:			
<pre>quasselcore[3033]: SignalProxy::handleInitRequest() received initRequest for unregistered Object: "IrcUser" "1/someuser"</pre>
