

Quassel IRC - Bug #2111

Quassel client does not preserve window size after restart

09/17/2026 08:37 AM - safala

Status:	New	Start date:	09/17/2026
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		OS:	Any
Version:	0.13.1		
Description			
Steps to reproduce:			
Open Quassel Client.			
Resize the main window to a custom size.			
Close the client normally.			
Start Quassel Client again.			
Expected behavior:			
The client should restore the window size and position from the previous session.			
Actual behavior:			
The client may start with the default window size instead of restoring the previous dimensions.			
Environment:			
OS: [please specify]			
Quassel version: [please specify]			
Client mode: [Monolithic SnowRider / Client + Core]			
Additional information:			
The issue may be more noticeable when using a non-default window size or a multi-monitor setup.

Resize the main window to a custom size.

Close the client normally.

Start Quassel Client again.

Expected behavior:

The client should restore the window size and position from the previous session.

Actual behavior:

The client may start with the default window size instead of restoring the previous dimensions.

Environment:

OS: [please specify]

Quassel version: [please specify]

Client mode: [Monolithic [SnowRider](#) / Client + Core]

Additional information: <https://www.myhdfs.dev>

The issue may be more noticeable when using a non-default window size or a multi-monitor setup.

The reproduction steps are easy to follow, and the expected versus actual behavior makes the issue clear. Mentioning the OS, Quassel version, client mode, and multi-monitor setup is also helpful for troubleshooting. Hopefully, the additional details

The issue may be more noticeable when using a non-default window size or a multi-monitor setup.

a useful bug report, and the reproduction steps are clear. The main thing I'd add is the exact OS, Quassel version, client mode, and whether multiple monitors are involved. It would also help to mention whether the position is lost along with the size or only the window dimensions.
