

## Quassel IRC - Bug #254

### Make Settings more efficient to instantiate

08/06/2008 03:33 PM - Sputnik

<b>Status:</b>	Resolved	<b>Start date:</b>	
<b>Priority:</b>	High	<b>Due date:</b>	
<b>Assignee:</b>	Sputnick	<b>% Done:</b>	0%
<b>Category:</b>	General / Unspecified	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>	0.3.0	<b>OS:</b>	Any
<b>Version:</b>	0.13.1		
<b>Description</b>			
<p>I think it would be a good idea to use a static QSettings object (well, probably one per client/core) rather than deriving from QSettings. We don't want to have a disk access for every instantiation.</p> <p>Advantage over a solution that would just reduce instantiations would be that changes in the settings would be immediately reflected in methods accessing it.</p>
