Quassel IRC - Bug #282

Nick completion does not work properly when there is already text in the input box

08/16/2008 03:39 PM - billie

Target version:				
Version:	0.13.1		**OS:**	Any

Description

In preferences you can define a nick completion suffix. This suffix is not added when there is already text in the input box.

Steps to reproduce:

Add text in the input line. Jump back to the beginning of the text. Type the first letter of a nick and try tab completion. It will just complete the nick but will not ad the suffix. A prepended space does not help in this case too.
