

Quassel IRC - Bug #293

Scrolling to top raises an assertion error

08/25/2008 04:25 PM - sph

Status:	Resolved	Start date:	
Priority:	High	Due date:

Version:	0.13.1		

Description

This happens in buffers when there is no extra backlog to retrieve anymore.

In `qtguimessageprocess.cpp`, `"messageProcessor()->process(msglist);"` is called with `msglist` being an empty list. This seems to raise an assertion when taking the first element from the `_currentBatch` list in the `ProcessNextMessage` function.

I included a small patch which checks the size of `msglist` before pushing it in the `_processQueue`.

That aside, the quassel project looks awesome :)

History

#1 - 08/25/2008 07:33 PM - Sputnick

Thanks for reminding me, had it fixed already in a local branch and forgot to merge it in mainline :) Did that now.
