### History

#### #1 - 07/11/2010 03:33 PM - seezer

- Status changed from New to Confirmed
- Priority changed from Normal to High
- Version changed from 0.5.0 to 0.7-pre

This is also true for hidden events as activity is set before filtering takes place.

#### #2 - 07/11/2010 03:45 PM - Anonymous

There's a merge request with a fix for the highlight on ignore, but that doesn't fix the hidden events still being shown ; that'd require a similar fix i think.

Merge request can be found at [http://gitorious.com/quassel/quassel/merge\\_requests/80](http://gitorious.com/quassel/quassel/merge_requests/80)
